5. **AGRI-INDUSTRIES VISITS**
6. WOMEN BIO EXPO

AGRI-INDUSTRIES VISITS

The objective the activity is to promote innovation, leadership, diversity, and the economic and social development of local communities.

Explore sectors where women can not only share their expertise, but also build partnerships and inspire other women to get involved in the organic industry.

Join us to discover how women are transforming agribusiness sectors and development opportunities in these ever-changing fields

PROGRAM

1. ROUNDTABLES
2. CONFERENCES
3. SUCESS STORIES
4. GALA AWARDS
5. AGRI-INDUSTRIES VISITS
6. **WOMEN BIO EXPO**

WOMEN BIO EXPO

Discover women leadership in organic industry. Educate, inspire and encourage to embrace organic lifestyle!

WOMEN BIO show offers a dynamic space where agri-entrepreneurs, from farming to manufacturing, can showcase a diverse range of products, all certified organic, food, cosmetics and pharmaceuticals.

It also highlights the latest innovations and technological advances in the sector. Its main goal is to inspire and encourage more women to get involved in this industry, while raising awareness about the importance of consuming organic products for health and the environment.

By highlighting the crucial role of women at every stage of the production process, from seed selection to final packaging.

TRANSFORM ORGANIC AGRICULTURE BY DIGITAL

A GLOBAL ISSUE

IN 2050

WORLD POPULATION WILL REACH
9,6 BILLION PEOPLE, AND FOOD NEEDS WILL BE
70% HIGHER THAN TODAY.
